

Hello,

I hope that you have had a good week. The children have come back to school with fabulous attitudes and have really demonstrated the Knighton Mead goals of Be Kind. Work Hard. Strive for Excellence.

### **Attendance reward**

Your child will have come home with an attendance reward card this week. Please encourage your child to give themselves a smiley face for every day they are in school this half term. The reward at the end will be decided with our Year 6 school ambassadors! Exciting times ahead!

### **World Book Day**

Thursday 6<sup>th</sup> March. Children are invited to come dressed as their favourite book character. Remember, you do not need to buy a new costume. Get creative and see what you have at home already!

### **An important update...**

Yesterday, I spoke to all children about cancer and in particular what it is like for a child with cancer. This is because Storm, a child in Reception, has cancer. He started chemotherapy last week and will be coming into school on a part time timetable. We looked at the best ways to support Storm when he is in school. We said that being kind and a good friend was important. We also talked about how Storm may look different but he is still the same child. More information in supporting your child can be found here: [Cancer info and support - Young Lives vs Cancer](#)

Have a good weekend,

Miss Rebecca Smith.

Congratulations to our badge winners this week...

#### **Richmond Class:**

Blake - first white badge

Rohanya – second white badge

### Character muscle of the week

#### Courage:

The ability to face challenges, even if they are daunting.

Appropriate risk-taking is trying things even if they fail.

# Support for children with SEN

The screenshot shows a Padlet interface with the title "Knighton Mead SEND Padlet For parents". It features several columns of content:

- Hoester City**: A circular diagram with four colored segments (blue, green, orange, red) and the text "A graduated approach is a four-part cycle".
- Communication and Interaction**: Text explaining communication and interaction, and a link to "Understanding and Supporting my child's ADHD".
- Cognition and Learning**: Text about cognitive development and a link to "Supporting a child with sensory difficulties".
- Social, Emotional and Mental Health (SEMH)**: Text about SEMH and a link to "Right to Choose".
- Physical and Sensory**: Text about sensory issues and a link to "Deep Charity".
- Other**: A link to "Right to Choose".

This PADLET (click image to be taken directly to the PADLET) contains links to a comprehensive array of services designed to support your child. It outlines the four areas of Special Educational Needs (SEN) and the corresponding support available within each category. Additionally, this resource is regularly updated with new links, so be sure to stay informed. If you have any questions, feel free to contact the school and we will be happy to help.
